Yes! Other neighborhood associations  
have events such as recreations for  
child and aged, and summer festival,  
illumination in winter, pounding mochi.

That's good!!  
I was able to meet people I do not normally interact with by participating in an event.

Excellent! It is interesting to join events.  
But I feel recently anxiety in emergency situations such as earthquakes and typhoons.  
There are many times when I feel anxious when the situation arises...
